The often mentioned fact is still prominent, that everybody wants taxes used on the other fellow. No tax ever planned has thus far met general approval and it is safe to say that such a plan never will be found.

Preparations indicate that the Red Cross pageant tonight will be worth while. The peace time activities of the Red Cross will be depicted in a very imposing way. The Red Cross takes on no task that is not done efficiently.

There is evidently still some chance for economy loving statesmen down in Washington. The number of government employees there now is 76,514. This number is about 40,000 less than at the close of the war. However,

"The Hundredth Chance"

By Ethel M. Dell

A Drama of Love and Horses

A story of a woman's Great Doubt. Should she give her heart to the husband who loved her and who had offered her and a crippled brother a sanctuary from the blows and the caresses of a lustful and brutish guardian or should she turn to her husband's employer, a man in her own station in life, but one practically devoid of principle? The husband was a bit rough—he was a trainer of horses—and the lord of the manor was smooth—devilishly smooth, in fact. Bolton was straightforward and Saltash was unscrupulous to the last degree. Bolton took a Hundredth Chance of winning Maud's love. And he captured it on the very day Hundredth Chance won a great race.

heard of now. People are few indeed who still have the desire to walk out into the fields or along the country roads, when they know that they can travel over these same roads in an automobile and go much further distances in an equal amount of time.

It can be set down that the post-triumph of other years is gone forever, if for not other reason than that there is danger to those who walk along the highways as the automobiles fly by.

Recent census files throw interesting light upon the enormous distribution of daily papers. The figures are significant in that they show how large a percentage of the people come into contact with the newspapers. There are 2,433 daily newspapers in the country, with a daily circulation of 32,735,937. These figures mean that there is an average of one copy a day for every 3.5 persons of the country's population.

W. H. COCKING BUILDS NEW OIL STATION

Plant on Webster Avenue for Buick Sales Business — Roy Scott to Take Management.

The W. H. Cocking Oil Co., is establishing a gas and kerosene bulk station at the Cocking plant on Webster avenue. Yesterday Mr. Cocking let the contract for certain equipment to the St. Louis Pump & Equipment Co. The work will be pushed along rapidly, so that the station will be in early operation.

For use of this station Mr. Cocking has recently purchased two White trucks. He is already the owner of two White trucks, in addition to the two road oiling trucks. The fact that he has such excellent equipment has aided Mr. Cocking very materially in his successful oil business.

Announcement was made yesterday that Roy Scott, who has for a number of years been agent for the Standard Oil Co., in Morgan and Scott counties, will resign that position to take charge of the Cocking bulk station. Mr. Scott is well equipped for the duties of his new work.

J. LESLIE STARR SAVES GIRL'S LIFE

J. Leslie Starr, a well known young man of this city saved Miss Gertrude Royce, of Philadelphia, from drowning in the Niagara river near the falls. The heroic episode is described in a letter written by an acquaintance of Starr's, who was a witness of the near tragedy.

"J. Leslie Starr during his recent visit to Niagara, saved a young lady from going over the Falls. Wishing to get a better view of the Falls so as to take some pictures, she stepped out to a rock near the shore. The rock was slippery, causing her to lose her footing, and to fall into the river. The current was strong and very rapid.

"Leslie lost no time in going to the rescue. He grabbed the young lady and swam with her to another rock where he regained his footing and waded to the shore with the half drowned girl in his arms. The young lady's name was Miss Gertrude Royce of Philadelphia, Pa., who was visiting the Falls with her parents and sister. Leslie escaped with a few bruises and the loss of the contents of his pocket."

LOTS OF HARD LUCK FOR ONE DAY

McClelland Sheppard, who resides near Murrayville neighborhood, crashed with his car, into one of the Jacksonville Transfer Co.'s wagons on the southwest corner of the square about 3:30 o'clock yesterday afternoon. It was Mr. Sheppard's hard luck day as he was being brought to the station for reckless driving on South Main street, by the motor cop when the accident occurred.

Moline Woman Tells of Wonderful Improvement Since She Started Taking Tanlac.

"Tanlac has made a well and happy woman of me and I'll praise it as long as I live," said Mrs. John Miller, 343 Second St., Moline, Ill.

"Before taking Tanlac I'd suffered so long with a bad stomach and other troubles that I was in a mighty bad condition. Nearly everything I ate disagreed with me, and frequently I had so much trouble in breathing I had to lie down ever so long. My back over my kidneys hurt me constantly, and I had rheumatism in my legs so bad I could hardly walk."

"Finally the rheumatism got so bad I couldn't dress myself and my nerves were in an awful fix. Sleep was almost impossible and I was just going down hill rapidly. I had tried so many things without getting any relief I became despondent and lost nearly all hope of ever getting well."

"When I began taking Tanlac in a short time there was a decided change for the better in my condition. I kept on improving with each bottle and now, after finishing my seventh bottle, I feel like a new woman and haven't an ache nor a pain. Tanlac is so grand I wish everybody could know about it."

Tanlac is sold by leading druggists everywhere.—Adv.

BEER LEGISLATION SEEN TO HINGE ON CONGRESS MANAGERS

Stanley Amendment Passed by Senate Causes Break Between House and Senate Managers—All Beer Legislation May Be Deferred—Treasury May Issue Regulations

(By The Associated Press)
WASHINGTON, Aug. 18.—The Stanley amendment to the anti-beer bill—designed to safeguard thru heavy penalties a man's home and property from illegal search for liquor—was regarded tonight as the stumbling block in the way of the measure's final enactment.

The fight over this provision of the bill, adopted unanimously by the senate, broke unexpectedly in the senate and prohibition leaders declared it was more than likely all beer legislation would go over until fall, with the possibility that the treasury department meanwhile might issue regulations under which beer could be manufactured and prescribed for the sick.

"Because of the evident intention," of senate conferees to destroy the effect of the Stanley amendment Senator Ashurst, Democrat, Arizona, "bolted" the conference, announcing that he would take no part therein or sign any report unless the amendment was retained precisely as originally written.

At the end of an all-day wrangle in conference and in the senate according to leaders, the whole course of the proposed anti-beer legislation hinged upon hope of agreement by senate and house managers. The result was said to have been the virtual wrecking of the amendment from the shape in which it received a unanimous vote.

House managers were said to have agreed to leave it intact so far as it related specifically to the searching of a home on a warrant obtained under the general law with a demand that severe penalties, but there as a means of protecting the home, be sharply cut.

During the senate debate there were insistent demands that a man's property including his barn, his baggage, automobile or garage, should be subjected to the same safeguards that surrounded his actual home. But the conferees were reported to have about agreed to a modification that a warrant would not be required to search other property, provided prohibition officers had reason to believe the suspect was guilty.

In other respects the differences in the senate and house measures were reconciled. Leaders said the house would accept the changes indicated altho they expressed doubt as to the possible attitude of the senate.

House Leaders Firm
So pronounced was the opposition of house prohibition leaders to the Stanley amendment that they indicated privately a willingness to let the beer regulations be issued rather than accept it as drawn.

The reported presence of Wayne B. Wheeler, general counsel for the Anti-Saloon League, at the discussions between senate and house conferees which always are secret, was denounced in the senate by Senator Rood, Democrat, Missouri, as unwarranted and unmitigated insolence. Both Senator Sterling and Mr. Wheeler denied that the latter had participated.

After the Reed Attack Mr. Wheeler issued a statement attacking the senator, which the latter obtained and read to the senate. This provoked another flurry. Senator Reed and others indignantly denying that any filibuster had been attempted.

GREENE COUNTY APPLE CROP IS A FAILURE

Big McClay Orchard Will Not Yield Half a Carload is Estimate—Circus Train Held Up at White Hall—Other Greene County News Notes.

White Hall, Aug. 15.—The weekly report for this locality of R. B. Pearce, crop reporter for the weather bureau, places the final obsequies on the apple crop of northern Greene county. In some orchards there may be a barrel or two to supply the owner for a few weeks if he uses them economically in his household, but there will not be half a carload in the entire McClay 1400-acre orchard. This is the most disastrous experience for this section of the state, and authorities are unable to give assurance that this means a crop for next year.

Corn is well advanced. It is beginning to dent, and will be out of danger of frost by the middle of September. The crop will be a bumper one.

Rains have further retarded the completion of the winter wheat threshing which will require most of this week. The ground is in splendid condition for plowing, and a large amount of wheat and alfalfa ground is being prepared. Pastures and meadows are in excellent condition.

Sugar cane is headed out, and it will be ready for the mill by September 1st. Grinding machinery has been provided by William Taylor adjoining his home in the north part of town. Failure to have facilities last season to grind the crop caused thirty acres of sugar cane to go to waste, and Mr. Taylor assured the growers that his services would be at their disposal this season with machinery of sufficient capacity to take care of a small acreage, say thirty or better.

Mr. Taylor acquired his knowledge of making sorghum in Kentucky many years ago.

Farmers are giving considerable attention to the White Hall chautauqua this week on account of special significance being given to agriculture in the makeup of the program.

The Wallace-Hagonbeck circus was held up at White Hall for some time early Monday morning. The circus was going north on the Burlington from East St. Louis. An extra freight on the C. & A. which left Roodhouse at midnight had a car break down just as it was crossing over the Burlington line at the interlocking plant, necessitating the "hook" to pick it up and replace it on the trucks. While this was going on the first train on the Burlington was delayed an hour and the second one about twenty minutes. The delay to the C. & A. freight was three hours.

Berkshire Hog Sale.

A Berkshire hog sale is to be held at Gregory farm on August 25th, and the advertising matter and catalogs are now going into the mails. The Berkshire operations of Gregory farm are gradually being transferred to Mr. Corra's Nebraska ranch, leaving the Berkshires here. A Percheron sale will likely be held at a later date.

The "old town well" at the southwest corner of Whiteside park has been going bad lately, with the result that as a health measure the well has been given a thorough cleansing by Constable Browning and a force of men, who also made a thorough job by the use of concrete.

The news will be received with joy over Greene and Pike counties that the condition of Francis Fowler is more hopeful today. The venerable business man, churchman and politician is widely known and respected.

The postmasters' examination at White Hall Saturday was attended by three aspirants from Roodhouse and seven from Pearl. The examination was held at the high school by Carl Davidson, civil service examiner. The examination for the Nebo postoffice was transferred to Bowling Green.

ENGLAND CANNOT TURN BACK ON JAPAN

(Continued from Page One.)
United States on the problems of the Pacific, that would be a great event and it would be a guarantee for the peace of the world.

"The problems of today may be in the Atlantic. Yesterday they were in the German ocean and they may pass tomorrow into the Pacific, and when they do the powers that are most greatly concerned in the Pacific are America, Japan and the British Empire."

"And China," interjected a member of the house.

"Certainly, and China," the premier added.

Four Great Countries

"Those four great countries," Mr. Lloyd George continued, "are primarily concerned with having a complete understanding with regard to the Pacific. But the surest way to make a success of any disarmament is first of all to arrive at an understanding upon the Pacific. I do not believe you will attain the same measure of success in a disarmament conference until you have attained to that complete understanding. I believe disarmament would be much easier if you could get that clear understanding first and I still am hopeful that this view will be taken."

Desires Friendship

"The British Empire as a whole is agreed in the desire for complete friendship with the United States and to make arrangements which would remove every conceivable prospective obstacle to such friendship. Nothing would please the British dominions as well as the mother country, more than a settlement which would make them feel that the British empire and America could work side by side in a common partnership for the restoration of the peace of the world—for guaran-

teeing the peace of the world.

Tripartite Alliance
"I do not know of anything to guarantee that which would be equal to Japan, America and the British empire in agreement upon the great principles on which world policy ought to be discussed. That would be absolutely a guarantee of the world's peace and I still am hopeful that such an understanding as would establish a scheme of that kind will ensue as a result of the coming conference at Washington."

Sir Donald McLean, leader of the Liberals, who followed the premier, expressed great satisfaction at the premier's pronouncement and said he hoped Mr. Lloyd George would be able to take part

in the Washington conference. He added that he was sure this was the wish of the country.

ALEXANDER MAN VICTIM OF ATTEMPTED HOLDUP

A. E. Kirby Held Up on Way Home from Jacksonville and Robbed of Revolver—Other Alexander News.

Alexander, Aug. 18.—A. E. Kirby, proprietor of a pool room here, came near losing a considerable sum of money as the result of a holdup Tuesday night. Mr. Kirby was returning in an automobile about 10 o'clock from Jacksonville, where he had been to get some change. Just before he reached Alexander he noticed a Ford coupe standing on the left hand side of the road. Thinking the owner of the coupe was in trouble, Mr. Kirby slowed up and just as he reached a point opposite the coupe someone jumped on his running board on the opposite side.

The would-be robber struck at Mr. Kirby but the blow was only a glancing one and did not have the intended effect. The man then jumped from the running board and disappeared in the darkness. Mr. Kirby had a revolver lying on the seat beside the bag which contained the money, and after his encounter with the man found that the revolver had disappeared but that the money was left intact. It is presumed that the man who attempted the robbery knew that Mr. Kirby had a considerable sum of money in his possession and planned to take it from him. However, the failure of his attack upon Mr. Kirby probably accounts for the fact that the plan was not carried out.

Mr. Kirby is unable to give a description of the man and there is no clue as to his identity.

Members of the Epworth League of the M. E. church held a picnic at Nichols park Thursday afternoon. There were about forty young people in the crowd and the trip to the park was made by automobile. They took supper with them and afterward attended the chautauqua.

INTEREST KEEN IN
THURSDAY PROGRAMS

Chautauqua Enthusiasm Shown by Large Attendance at All Sessions—Dr. Cadman Gave Strong Address—Chicago Operatic Company in Fine Form—Special Features Today.

The chautauqua program Thursday was both varied enough and excellent enough to satisfy all comers, and it is proper to say that many came, for the attendance was large. Platform Manager Gage gave an informing lecture at 11 o'clock on the theme, "The Greatest Race." In the afternoon the "Chicago Operatic Company" presented a splendid program, followed by a lecture by Rev. S. Parkes Cadman, who had for his theme, "The Mission of the Republic."

At the evening session the Operatic company gave another program of equal excellence and then came Henry, the Magician. On each chautauqua program a magician has certain definite place and his coming is anticipated with great pleasure, especially by the younger chautauqua fans. Henry, the magician, proved fully the peer of his predecessors. A program of magic, mirth and mystery was given, which included a number of familiar but inexplicable tricks, together with many more that were entirely new.

The Chicago Operatic Company has appeared in Jacksonville several times before and the excellent reputation of previous years was fully sustained. There have been some changes in the personnel of the company, but each one is an artist of real worth. Concert programs will be given by the company again this afternoon and evening.

As very generally announced, this is to be Red Cross day at the chautauqua, with an address by Director Walter Davidson, the appearance of Rocco, the clown and tonight as the final touch for a big day's program the Red Cross pageant.

The Power of Religion

Mr. Cadman was introduced by Mr. Gage as pastor of the Congregational church in Brooklyn, N. Y., and "the foremost preacher in the wide world." That was some tribute, but Mr. Cadman had no difficulty in impressing the audience both with his wisdom and fund of information. The speaker said:

"The Orient perished because it could use only one method—force. Egypt stood for power and Greece for beauty. Rome has never been equalled in legal affairs. The English people would have remained inferior to all of these had it not been for their religion."

"The first people who came to these shores were the Pilgrims, the founders of a republic. They came to build a theocracy and no nation can endure unless it is theocratic and has for its foundation religious liberty. Two years ago on July 4 it was the rule for speakers to boast of the achievements of our country. Now the more usual custom is to air dissatisfaction and to criticize statesmen."

"As we look at the countries of Europe we see the need of statesmen there. The war robbed the world of many of its great men, others who would have been great in the future. This is accounted one of the heavy losses of the war. There may be difficulties in present conditions, but we must not return to the old policies. If the cavaliers of Virginia had been as timid as some of our politicians today, there would have been no nation."

The Illiteracy Menace

"The lack of education is a great menace and we must remember that half educated people are dangerous. There are 11,000,000 illiterates in the U. S. and 2,000,000 who can neither read nor write. If we take proper care of our public school systems the universities will take care of themselves."

"Then there is the great need for surrounding our schools with religious influences, bearing in mind that there is no real culture without religion. Knowledge without the fear of God will wreck civilization. We need fewer Methodists, Presbyterians and Baptists and more Christians. Remember that when you build a fence around your religion you shut out more than you enclose."

"The problems of reconstruction press but the U. S. in good time following the wars of '76, '12, and '18, found the proper levels and we will do so again."

Marriage to Miss Pearl Bonds Sol-

—Wedding Event a Surprise.

John Killam and Miss Pearl
Bonds, both of Jacksonville,
were married in Jerseyville at 4
o'clock in the afternoon August
1. News of the marriage has
not been received by a number
of Mr. Killam's relatives. The
event was at total surprise to re-

people have been in St. Louis for
several days guests at the home of

there.

Mrs. Killam has been employed
at the Maple Crest Sanitarium for
several months. The young lady

and is well liked by all her Jack-
sonville acquaintances.

Mr. Killam belongs to a long
line Morgan county family. He

I. W. W. ARGUMENT
PROVES FORCEFUL

Russel Pinkerton, Ex-Service, Man
Had Unpleasant Experience
With "Wobblies" in North Da-
kota.

Russel Pinkerton of this city,
who has a wide acquaintance of
friends here, has been working in
the North Dakota wheat fields
until a recent occurrence in a com-
munity bordering on the state
line between North Dakota and
Minnesota. It seems, according
to Mr. Pinkerton, that the wheat
area is infested with I. W. W.'s,
and that they are all imbued with
the idea that a newcomer must
join the organization or they will
know the reason why.

In the course of his stay he had
several arguments with different
members of the organization and
the last one is worthy of note. It
took place on the crown of a hill
and the I. W. W.'s, growing vehe-
ment at Mr. Pinkerton's repeated
refusal to join them, decided to
use force.

This program was thoroly car-
ried out by a Herculean member
who cracked Mr. Pinkerton over
the head with a slug, knocking
him from North Dakota into
Minnesota. Mr. Pinkerton, how-
ever, thinks that he arrived in
better state than he left, with-
standing the blow on the head.
This was made possible by the
fact that when struck, Pinkerton
rolled down the hill about one
hundred and fifty yards and stop-
ped just a few feet across the
state line in Minnesota. "And fur-
ther more," states Mr. Pinker-
ton, "I kept right on going."

Mr. Pinkerton is an ex-service
man, who was injured during the
World War. He is at home now
for a few weeks at least having
just returned from the northern
states.

SWINE COMMITTEE IS

The committee in charge of the
swine department of the Morgan
County Breeders' Association
fair, Howard Stevenson, chair-
man, has spent the last few days
constructing one hundred pens,
which will accommodate three
hundred hogs at the fair grounds.
The exhibit will be under canvas.
The association has ordered
eight large tents from the Peoria
Ten and Awning Co., thru C. B.
Massey which be used to cover
the principal exhibits at the fair.
Mr. Stevenson will exhibit his
Path Finder's Sensation, which
weighs nine hundred pounds and
is forty-four inches high, at the
state fair next week.

BYRNS HAT STORE
ON HISTORIC GROUND

Building New Property of W. F.
Wilbert Has Been Owned at
Various Times by Most Prom-
inent Residents of Jacksonville.

The remodeling work now go-
ing on in the Wilbert building at
the southwest corner of the
square occupied by Frank Byrns
calls to mind the fact that this is
one of the oldest business sites in
Jacksonville. A scanning of the
records shows that the property
has been owned at different times
by some of the best known of
Morgan county residents. The
names of Joseph Duncan, Judge
Samuel Lockwood, Murry Mc-
Connell, Robert McNeely, appear
in that record, to say nothing of
the Goltra family prominent thru
many years.

Platted in 1825
The lot was platted along with
other territory about the square
by Thomas Arnett prior to Feb-
ruary, 1825. On that date Mr.
Arnett sold this lot, together with
others to Abraham Johnson for
\$500. Subsequently Mr. John-
son sold his holdings to Murray
McConnell and, thus another well
known name appears in the ab-
stract of title to this building.

In July, 1830, Ebenezer T.
Miller transferred the property
to John J. Hardin. After an
ownership of about three years
Col. Hardin transferred to Austin
Brookbrough. Within a short
time Joseph Duncan became the
owner, and in June, 1839, sold his
holdings to R. T. McNeely, James
Buckingham and N. A. Bucking-
ham.

The year following a portion of
the property was sold to William
Gillham, and by him transferred
in 1841 to James Challen. It fol-
lowed in the course of a few years
thru transfers by James Challen,
Robert McNeely, James and Nath-
an Buckingham, that the title was
vested in Samuel D. Lockwood.

March 3, 1852, Judge Lock-
wood sold the property to John
W. Goltra, and five years later
Mr. Goltra sold a half interest to
Henry Stryker. In 1864 this
half interest was repurchased by
Mr. Goltra. Then thru the es-
tate of Mr. Goltra the property
passed to the son, the late J. A.
Goltra, who was for so many
years proprietor of the store.

In December, 1908, Mr. Goltra
sold the property to Michael Wil-
bert, now deceased, for considera-
tion of \$12,500 and it eventually
became a part of his estate.

It is a fact known in the his-
tory of Jacksonville that John C.
Goltra, one of the earlier resi-
dents of Jacksonville, establish-
ed a hat business in early days on
this site. Mr. Goltra, who came
to Jacksonville from New Jersey,
was a hatter by trade. He began
the business of making hats from
furs that were brought in to him
by the trappers and farmers at
that time living in this area.

For a number of years Mr.
Goltra conducted the business
alone and then sold a half
interest to Henry Stryker, Sr., fa-
ther of Henry Stryker now a resi-
dent of this city. Subsequently
this partnership was dissolved.
Then Mr. Goltra took into part-
nership his son, the late Judson
A. Goltra. This partnership was
continued for some time and then
the proprietors became Judson A.
Goltra and his cousin, Charles
Goltra, now deceased, a son of
Cornelius Goltra.

Other Firm Changes
Subsequently Charles Goltra
sold his interest in the firm to
the late J. V. Read and the firm
name was Goltra & Read. This
relationship continued for several
years, when Mr. Goltra pur-
chased the interest of his partner
and continued as the sole owner
of the store. In 1895 Mr. Goltra
decided to retire from business
and sold the store to his former
partner, J. V. Read. For five
years Mr. Read continued as the
proprietor and then sold the store
to Frank Byrns and Walter Gol-
tra. Their partnership was con-
tinued until the summer of 1902,

when Mr. Byrns purchased his
partner's interest, and has con-
tinued as the sole proprietor
since that time.

During Mr. Byrns' ownership
he has continued to add to both
the business and the prestige of
the store. The principles of the
early owners of integrity and hon-
esty have been maintained and
at the same time Mr. Byrns has
managed the store along progres-
sive lines.

The present betterments which
are now being made will consid-
erably improve the facilities of the
store for doing business. W. F.
Wilbert, of Maple Square, Chi-
cago, is the owner of the property,
which he inherited from his fa-
ther, the late M. Wilbert, and it
was he who made the contract
with John Wolke for the new
front which is now being placed
in the building.

As workmen were tearing away
the front of the Wilbert building
yesterday they removed a piece of
pine board which had been used
as a wedge. It was evidently a
side of a shipping box, as it bore
the printed address of Goltra and
Stryker, Jacksonville, Ill., ship-
ped via New York and Erie R. R.,
care of the Toledo, Western and
Wabash. This was evidently part
of a box shipped to Jacksonville
many years ago from some point
in the east.

One long time resident of the
city who noticed the building re-
pairs in progress recalled the fact
that the Sentinel was published on
the second floor of the build-
ing back in 1857. J. R. Bailey
was at that time editor and pro-
prietor of the magazine. A com-
paratively few years later a pho-
tograph gallery was established
on the second floor and it has
continued to be used for this pur-
pose all the remaining years.

REV. D. B. GIBSON
DIES NEAR GIRARD

Rev. D. B. Gibson, a native of
Morgan county, died at the home
of his son, Dan S. Gibson, in
Tovey. Rev. Mr. Gibson was
eighty-five years old, and for
many years a resident of Girard.

The aged minister was born
near Franklin in 1836. In 1858
he married Anna M. Sturgis of
Mulberry Grove. From his youth
the deceased took great interest
in the Church of the Brethren
and devoted most of his life time
touring Illinois and Missouri,
holding many meetings and con-
verting many people to his faith.

He is survived by one daughter
and three sons. The funeral ser-
vices will be held this morning at

ROCO IS AN
EX-ARMY OFFICER

Roco, the clown, promises to be
a great feature for the Red Cross
today at the chautauqua. Roco
leads a dual existence, for in ad-
dition to being a clown he is an
ex-service man who quite fre-
quently appears upon the platform
and is reputed to make most ex-
cellent addresses, based upon his
wartime experiences in Siberia.

GETTING READY FOR
LABOR DAY PROGRAM

Committees Have Preparations
Well in Hand—Day of Interest-
ing Events Promised.

With preparations already un-
der way the Labor day celebration
in Jacksonville this year promises
to eclipse previous records. The
observance for the day is being
carefully planned by the various
committees and will be presented
under the auspices of the Trades
and Labor assembly and the
Chamber of Commerce. There will
be a parade in the morning, ad-
dresses and sports in the after-
noon, together with other fea-
tures, and then a series of evening
events.

The parade will move at 10 a.
m. with music furnished by the
Jacksonville band and DeSilva's
drum corps. The speakers on the
afternoon program will be Rev.
M. L. Pontius and Rev. Father
Formaz.

Immediately after the parade
three high class vaudeville acts
will be given on the square, fol-
lowed by a tug of war. The af-
ternoon sports will follow the
speaking, being at 2:30 and will
be at the park. The vaudeville
acts will be repeated there and
there will be a band concert both
afternoon and evening. The para-
chute leap will take place above
the lake at 6 p. m. and promises
to be the big entertainment fea-
ture of the day.

Forty-four members of the Ki-

ed the weekly luncheon at the
Peacock Inn Thursday. Addresses
were made by Charles A. Gage,
chautauqua platform manager,
who is an officer in the Kiwanis
national organization, and Dr. F.
M. Rule.

Mr. Gage preceded his brief
address by leading in mass sing-
ing. This leadership gave the
music of the day a great deal of
added interest.

Dr. Rule spoke of the religious
influence of the Kiwanis club in
business. He said that an organi-
zation with its ideals could not
fail to make for higher ideals in
business life. Among the guests
of the day were William F. Wid-
mayr, Arthur M. Masters and

WHY THEY PARTED

"I was down with pain in my right side which at times almost crazed me. Most all of the doctors said operation. But what I want to tell you is the pain disappeared with the first dose of your medicine and I never see any since. May's Wonderful Remedy has the right name—gas, sour stomach, and dyspepsia have left too." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale at all druggists.—Adv.

Murrayville, Aug. 17.—Mr. and Mrs. Arthur McDevitt of Hettick were guests Saturday night and Sunday of Mr. and Mrs. J. L. Soimon.

The United Workers Sunday school class of the Baptist church met Monday evening at the home of Mrs. Ora Perkins. This gathering was in the nature of a farewell as Mr. and Mrs. Perkins moved this week to a farm near Winchester.

The evening was spent in a social way and during the hours refreshments were served. Eldon Haynes of Nilwood is visiting his grandmother, Mrs. Martha Haynes and other relatives this week.

The Arcade**Winning the Public's Confidence**

When you were a boy you probably read the Nick Carter, Diamond Dick or Frank Merriwell stories. The first two or three because other youngsters told you they were all exciting--after that because you knew they were--you had confidence in their author and publishers. You knew you'd find a thrill on every page, and you did.

It's the same way in building any business--yours or ours. By constantly rousing your interest in our merchandise, through price and value, we are going to get your interest, and soon your confidence in what we have to sell. This confidence is frequently won even before an actual purchase is made, and this makes selling easier.

The price of money, like wheat or any commodity, is subject to the law of supply and demand. Indications show it cannot remain at its present high peak much longer.

Now is the golden time to make sure of higher than normal interest rates from your investments, long after the price of money has come down.

MANY ARE ELIMINATED IN CHAMPIONSHIP PLAY

FOREST HILLS, N. Y., Aug. 18.—Championship form came to the fore in a striking manner this afternoon in the round before the semi-final of the women's national singles tennis championships. Of 64 entries who began play in 1921 titular tournament but four survived the afternoon play. Of this quartet three are past or present national champions and the fourth holds a similar position in Mexico. The tournament among the best women players of the United States also attested the high standard of the game as developed and played in California. In addition to Mrs. Molla Bjurstedt Mallory, New York, winner of the title in 1915-16-17-18-1920, the survivors included Mrs. May Sutton Bundy of Los Angeles, title holder in 1914 and the only American woman to win a world's championship at Wimbledon, England, and Miss Mary K. Browne of Santa Monica, Calif., three times holder of the title in 1912, 1913, 1914.

The fourth survivor Mrs. C. V. Hitchens, also from a local club played much on the Pacific coast and put the finishing touches on her game during recent seasons in Mexico City.

Tomorrow afternoon Mrs. Hitchens will face Miss Brown and Mrs. Mallory.

Two junior championships were decided when Mrs. Helen Willis of Berkeley, Calif., defeated Miss Virginia Carpenter of Philadelphia 6-3, 6-3, in the final round of the junior tournament. Miss Carpenter came into a championship when she doubled with Miss Ceres Baker of Orange, N. J., and won the junior doubles titles.

FEDERAL OFFICIALS ARRESTED RICKARD

CHICAGO, Aug. 18.—"Tex" Rickard, promoter of the Dempsey-Carpentier boxing bout, left for New York tonight after having been arrested by federal officials today and held in \$10,000 bonds, on a charge of violating the law prohibiting interstate transportation of fight films. The maximum penalty is a \$1,000 fine and a year's imprisonment.

Rickard exhibited the films of the Dempsey-Carpentier match last night before the audience of wounded soldiers. A complaint was made by a women's club. Before departing Rickard said he had left instructions that the films be shown to the soldiers and marines in the marine hospital and at Camp Grant.

Mrs. Mallory and Mrs. Bundy will play out the other semi-finals.

The exhibition of completely rounded out tennis given by Miss Brown in her match against Mrs. B. E. Cole of Boston, which she won at 6-1, 6-2, would appear to give her an excellent claim for a place in the finals.

Mrs. Mallory was not put to a severe test in defeating Mrs. H. P. Falk of New York 6-2, 6-1. The contest between Mrs. Bundy and Miss Gilleaudeau was really closer than the score would appear to indicate. Both played almost continually from behind the base line and rallies were frequent and long. Mrs. Bundy possessed greater power and control of her shots.

The score was 6-1, 6-2. Mrs. Hitchens won the right to play Miss Browne tomorrow by defeating Mrs. Stuart Greene of Ardley, N. Y., 8-6, 6-2. Mrs. Hitchens gave an excellent display of tennis.

Two junior championships were decided when Mrs. Helen Willis of Berkeley, Calif., defeated Miss Virginia Carpenter of Philadelphia 6-3, 6-3, in the final round of the junior tournament. Miss Carpenter came into a championship when she doubled with Miss Ceres Baker of Orange, N. J., and won the junior doubles titles.

JAPAN WON BOTH SINGLE MATCHES

Lake Forest, Ill., Aug. 18.—Japan won both singles matches in this first day's play of the semi-final Davis Cup tennis contest with India on the turf courts of the Onwentsia Club today, giving it a lead which is almost certain to put the Nipponese players into the final round of the international classic against the Australian team at Newport, R. I., next week.

Captain Ichiya Kumagae of the Japanese team defeated Mohammed Slem of India in straight sets, 9-7, 6-1, 6-1, and Zenzo Shimidzu won a similar decisive victory against Dr. A. H. Fyze of India 6-2, 6-1, 9-7.

Both Kumagae and Shimidzu proved better all around players than their Hindu opponents and it was the superiority in pace which told most strongly, enabling them to maneuver the other men over the court and rake their defense territory particularly with cross court placements.

Play will be resumed tomorrow with Kumagae and Shimidzu opposing Fyze and L. S. Deane, of India, in doubles matches. Shimidzu and Fyze started their encounter at fast speed, Fyze carrying off the first two games by strong forehand driving. It was

a nip and tuck battle from then on altho every succeeding game of the set fell to the Japanese star. Except for the first set in which Slem's great playing ability enabled him to work the Japanese captain out of position many times the other match was a walk-away for Kumagae. Slem made a tight of the first set mainly thru his unerring half lob which staved off Kumagae's attempt to put the match on a driving basis in which he excelled.

Daily Market Report

STOCK MARKET HAS

UNCERTAIN COURSE

By Associated Press.

NEW YORK, Aug. 18.—The stock market today lapsed into its recent narrow and uncertain course, after an early period which gave promise of a considerable extension of yesterday's heated rallies.

Chief factors of weakness were represented by comparatively secure stocks at gross recessions of two to about four points. Steelmaker was the only prominent issue to show pronounced heaviness, closing at a loss of nearly four points. Sales amounted to 400,000 shares.

Another drain on local bank reserves for account of the federal government militated against easier money rates. Call loans held at six per cent on the exchange until the last half hour when the quotation fell to 5 1/2 per cent. Outside offerings at 5 per cent were reported with freer supplies of time funds.

Marked improvement was noted in foreign exchanges, sterling rising more than three cents from yesterday's lowest quotation. French and other continental remittances also were appreciably better.

Liberty bonds were irregular on further selling of the 3 1/2s.

ECONOMIC CONDITIONS

CURTAILED BUYING

By Associated Press.

CHICAGO, Aug. 18.—Bearish views of economic conditions curtailed speculative buying of wheat today, and the market continued to break. Prices closed heavy, 2 1/2 to 3 1/2c net lower with September \$1.16 1/2 to \$1.17 1/2 and Dec. \$1.17 1/2 to \$1.17 1/2.

Corn lost 1 to 1 1/2c and oats 1/2c to 1c. Provisions finished unchanged to 1/2c higher. It was apparent that liquidation on the part of holders of wheat had received no decided check and that about the only support in the market was from traders who had sold at higher figures.

Moreover, new commitments in the line of short selling were evidently on an extensive scale. Principal stress was put on the least favorable aspects of the industrial and financial outlook, especially unemployment. Notice was also taken that marketing of domestic spring wheat in the northwest is much in excess of the movement a year ago, and that the question was to be faced as to how large a percentage would get out before the close of navigation on the Great Lakes. Gospel that good export business had developed and that country offerings were light failed to bring about any important rally.

Corn and oats touched the lowest prices at this season since 1906. There was little intention of investment demand for either grain.

The Famous Titan 10-20
\$900

All former price advances are wiped out by the big reductions made on this three-pow tractor. We believe this is the best buy on the tractor market, barring none.
This is the lowest price ever quoted on the Titan, considering equipment now included (formerly sold extra). March 1, 1921 the price was \$1,200. Now it is \$900. As this price disregards manufacturing costs, we do not know how long it will be maintained.

International 8-16 is also lower than ever before. Consider carefully before you purchase. You need full value for your dollars. The length of service and freedom from trouble means a big saving to purchasers of the Titan 10-20 or International 8-16.

All prices f. o. b. Chicago. We can arrange suitable terms. These prices certainly justify the immediate purchase of a tractor. Get yours in time for the horse-killing work of hot weather plowing and the fall and winter belt work.

MANY ARE INJURED WHEN ATTACK OF MOB IS REPULSED

TRY TO TAKE NEGRO HELD FOR ASSAULT

More Than Twenty Were Wounded by Officers' Fire and Are Removed to Hospitals—Many Are Non-Combatants—The Sheriff Gives Warning Before He Opens Fire

(By The Associated Press)
KNOXVILLE, Tenn., Aug. 19.—More than twenty persons were believed injured tonight when a mob attempting to storm the jail in which a negro accused of attacking a white woman was being held, was repulsed by sheriff's deputies. Six wounded were removed to hospitals within a few minutes after the clash was reported.

Reports from the scene were that the defenders of the jail had used machine guns to repel the attack. The shooting was said to have been precipitated when stones were thrown by members of the mob.

Altho the machine gun company of the 117th infantry, Tennessee National Guard, was on duty at the jail, the soldiers did not open fire.

THE BATTLESHIP STILL BULWARK OF SEA DEFENSE

Joint Army and Naval Board Summarizes Bombing Tests

(By The Associated Press)
WASHINGTON, Aug. 19.—The battleship "still is the backbone of the fleet and the bulwark of the nation's sea defense," General Pershing, senior member of the joint army and naval board declared today summarizing the results of recent bombing tests off the Virginia capes.

The tests which resulted in the sinking of four ex-German warships by aerial bombs between June 21 and July 21 proved, the board added, "that it has become imperative as a matter of national defense to provide for the maximum possible development of aviation in both the army and navy."

They also proved, the board stated, "the necessity for aircraft carriers of maximum size and speed as an effective adjunct of the fleet," and for the development of effective anti-aircraft armament.

"Instead of furnishing an economical instrument of war leading to the abolition of the battleships, the development of aircraft has added to the complexity of naval warfare," said the report, approved by Secretary Weeks and Acting Naval Secretary Roosevelt. The tests which were conducted by the navy with the cooperation of the army air service were reported upon separately by army and naval boards of observers and these reports formed the basis of the statement.

The joint board included Admiral R. E. Koontz, chief of naval operations; Major General Haan, assistant to the chief of staff; Rear Admiral C. S. Williams, naval operations; Brig. Gen. Henry Myer, general staff, and Captain C. Cole, naval operations. The board found that military aircraft when used beyond the radius of shore bases possessed limited assistance to gunnery in the control of fire; limited importance in operations of coast defense, but might prove a decisive factor in coastal operations if used in adequate numbers.

NO ALTERATION IN PROPOSALS SAYS PREMIER

Lloyd George Says Rejection Will be Challenge

(By The Associated Press)
LONDON, Aug. 19.—The outline of the British proposals cannot be altered nor the basis of them changed, said Premier Lloyd George, in an address today in the house of commons. The premier was speaking just prior to the adjournment of the lower house of parliament until October 18.

Mr. Lloyd George said rejection of the proposals would be an unmistakable challenge to the authority of the crown and the unity of the empire and "no party in the state could pass that over without notice."

He declared he was not using the language of menace, "but that if final rejection came steps undoubtedly will have to be taken which the executive might not and will not take without further consulting parliament and giving it full opportunity of expressing approval or disapproval of any steps we might propose to it."

In the house of lords, Foreign Secretary Curzon made a similar statement. It might be, he said, that circumstances might compel a resumption of strife in Ireland, but Great Britain would not be the one to commence it. He added that the issue was trembling in the balance and that if any challenge was given the government would accept it or not quail before its difficult task.

It was considered that the premier's language again had been carefully chosen with the evident desire not to give offense or to say anything that likely would hinder the smooth course of the negotiations.

Mr. Lloyd George said he was highly pleased to be able to say that the whole world approved of the government's proposals.

ANOTHER CUT BY U. S. STEEL CORPORATION

Is from 37 to 30 Cents Per Hour Effective August 29

(By The Associated Press)
NEW YORK, Aug. 19.—Another reduction in wages by the United States Steel corporation from 37 cents to 30 cents per hour, effective August 29, was announced today. Chairman Elbert H. Gary issued the following statement:

"In view of the prevailing low selling prices of steel as compared to costs of production, it is necessary to make reductions in wages, rates and therefore, we will recommend to subsidiary companies that the general rates of day labor be decreased to 30 cents per hour to become effective on August 29 and that other wages and salaries be equitably adjusted."

This is practically the third cut in wages made by the United States Steel corporation so far this year.

On May 16 a 20 percent reduction was ordered and on July 7 when reductions in prices of finished products were announced, the corporation also eliminated extra pay for overtime, amounting roughly to 10 percent cut in wages.

CITY BABIES LEAD AT STATE FAIR

SPRINGFIELD, Ill., Aug. 19.—City babies, boys and girls, scored over their rural competitors in the first tests of the Illinois Better Babies Conference which opened here today in connection with the state fair.

June Laverne Abney, daughter of Mr. and Mrs. Charles Abney of Springfield, carried the high score for girls with a mark of 99.3. The high score for boys was made by Charles Cowdin McNamara, son of Dr. and Mrs. Homer P. McNamara of Springfield. His score was 99.

Rural boys were led by Robert L. Bankson, son of Mr. and Mrs. N. M. Bankson of Blue Mound, who scored 97.5. Carol May Linn, daughter of Mr. and Mrs. J. V. Linn of Stonington held the high score of 98 over her rivals from the rural districts.

Babies scored today ranged in age from six months to one year. One hundred fifty of the more than 1,000 babies entered were examined today by Dr. I. D. Rawlings, director of the state department of health and his associates.

RAILROAD LABOR BOARD DIVIDED ON OVERTIME PAY

First Time it Has Happened Since Organization of Board

(By The Associated Press)
CHICAGO, Aug. 19.—Presenting a divided opinion for the first time since its formation a year and a half ago, the railroad labor board today, in a majority decision, cut the overtime pay of certain classes of shop crafts workers, while a labor member dissenting declared the majority opinion "does not appear either just or reasonable."

The dissenting opinion was by A. O. Wharton, former president of the Railway Employees' Department, American Federation of Labor, which the six federated shop crafts was involved in the dispute.

Two labor members joined the majority in signing the decision changing the rules. Those concurring in it were Judge R. M. Barton, chairman; G. W. Hanger and Ben W. Hooper, representing the public; Albert Phillips and Walter L. McMenimen, members for the unions; and Horace Baker, J. H. Elliott and Samuel Higgins, railroad representatives.

Seven rules affecting the overtime pay of the shop employees on 137 roads are involved in the decision. The roads appealed for modification of the national agreement rules entered into during the war-time railroad administration and the majority while finding the wartime rules to be just and reasonable, modified certain ones in some particulars.

Some Majority Changes

Among the changes the majority ruled that:

Employees regularly called for Sunday and holiday work and performing tasks absolutely necessary for continuous operation of the roads shall not receive time and a half, but only pay on the same basis as for week days. No work not absolutely necessary is to be performed on Sunday.

Employees at the completion of eight hours work may be required to work two hours overtime before being released for meals, instead of one hour as now provided.

Employees called for work and not working, or called for work and working two hours and 40 minutes or less will be paid for four hours overtime, instead of five hours under existing rules.

Employees called one hour or less before their regular time will be paid time and one half for the overtime, instead of the present five hours allowance.

Men called away from home will not be allowed overtime for hours spent sleeping, provided they receive at least five hours relief out of every twenty-four.

Employees regularly assigned to perform road work, and paid on a monthly basis, will compute their salaries on the basis of 24 hours a month instead of the present 263 hours, with no overtime allowed for hours worked in excess of eight per day, and no time deducted for less than eight hours work, unless the employee lays off of his own accord.

HARDING MAKES RECOMMENDATION

(By The Associated Press)
WASHINGTON, Aug. 19.—Legislation creating federal judges at large was recommended today to President Harding and to the judiciary committee of the house and senate by Attorney General Dougherty as part of a plan for the reorganization of the country's judicial system to remedy the congested conditions of federal court dockets.

Provision would be made for an annual conference of the nine senior circuit judges with the chief justice of the United States and the attorney general to consider ways and means of expediting federal business and increasing the efficiency of the courts.

The new congress it will be explained would not be assigned to any particular circuit but would be eligible for service wherever court business piled up.

BENTON WILL GO TO WASHINGTON

ATLANTA, Ga., Aug. 19.—George R. Benton of Birmingham, who yesterday mailed to Secretary Weeks details of his proposal to lease the Muscle Shoals, Alabama, nitrate plant and power dams from the government today declared he would go to Washington immediately to place before the secretary the merits of his proposition.

In the event the proposal goes thru Mr. Benton said, his associates are planning the construction of an electric railway from Paducah, Ky., to some point in the extreme south and are looking also for a power transmission line to supply interurban railways in Kentucky, Indiana, Illinois and Ohio.

HOUSE WRANGLES ON AMENDMENTS TO THE TAX BILL

Many of Them of Minor Importance Were Passed

(By The Associated Press)

Washington, Aug. 19.—More than half a hundred amendments to the tax bill, most of them of minor importance, were accepted today by the house in a five-hour session marked by occasional flashes between the majority and minority and a renewal of the controversy between Chairman Fordney, of the ways and means committee, and Representative Burns, Democrat, South Carolina. Republicans and Democrats were a unit in approving one amendment, that of striking out the section of the bill imposing an annual license tax of \$10 on vendors of soft drinks. On a few other changes there were sharp divisions.

All committee changes proposed were adopted.

Under one amendment approved over Democratic opposition, corporations making gifts for charitable purposes would be relieved from tax on such sums unless they exceeded five percent of the net income of the donating company.

Where Big Fight Occurred

The big fight was over the amendment defining as foreign trade corporations such domestic corporations as derive fifty percent or more of their gross income from the active conduct of business outside the United States and, similarly as foreign traders and those American citizens who derive 60 percent or more of their gross income from sources outside this country.

The Democrats claimed this proposal was a discrimination against purely domestic corporations in the matter of taxes. The Republicans defended it on the ground that it was necessary to relieve foreign trade corporations and foreign traders from taxation on income received from sources outside the country in order that they might compete with foreign concerns.

The amendment was adopted 103 to 85. 11 Republicans joining in the negative vote.

RED MEN ARE OFF FOR STARVED ROCK

Degree Team of Delaware Tribe Will Confer All of Degrees This Evening—Is Only Team to Receive That Honor

Members of the degree team of Delaware Tribe No. 78 Improved Order of Red Men, under the direction of C. A. McHatten, captain, left over the Wabash early Saturday morning for Springfield.

In that city they will join members from Springfield, Virden, Decatur and other cities in this section of the state and travel in special cars over the Interurban to Peoria. At that city they will take a steamer which has been chartered for the occasion and journey to Starved Rock.

On top of Starved Rock tonight in the presence of an audience which is expected to number 5,000 members of the order the team will confer all of the degrees of the order. Other teams will also appear but they will only exemplify one degree, the local staff being the only one to be honored by conferring all of the degrees.

The Delaware Degree staff has for many years been recognized as one of the greatest staffs in the state and many high officials who have seen teams confer the work in all parts of the United States have said it is the best balanced team they ever saw.

Upon reaching Starved Rock the steamer will remain until after the work and then those who wish may immediately board the steamer and return to Peoria, arriving home Sunday evening.

IS CHARGED WITH MURDER

Sioux City, Iowa, Aug. 19.—Max Wilson of Hawarden, Iowa, is in custody charged with the murder of Walter A. Lapham who was slain in his automobile sales room several weeks ago.

The arrest was made in Hawarden where Wilson was operating an automobile repair shop. Wilson formerly worked for Lapham.

SENATE AND HOUSE VIRTUALLY AGREED ON ANTI-BEER BILL

Hope for Final Enactment Before Recess Next Wednesday

(By The Associated Press)

WASHINGTON, Aug. 19.—Senate and house conferees were reported tonight to be virtually agreed on contested points in the anti-beer bill and hopeful of final enactment of the measure prior to the recess set for Wednesday.

While the conferees declined to indicate the nature of the agreement, their practical adjustment of differences was taken to mean at least partial rejection of the Stanley amendment, designed to protect the home against indiscriminate search for liquor in view of the known desire of Representative Volstead, head of the house managers, to "throw the beer bill overboard," rather than accept the amendment passed unanimously by the senate.

That part of the Stanley proposal preventing the search of a man's dwelling was said to have been retained.

When Senator Sterling, Republican, South Dakota, left his office for the night, he announced there was a strong probability of agreement. Mr. Volstead declared that unless there were unexpected overnight developments the conference report would be ready and signed tomorrow.

APPEALS FOR RESTRICTION OF SHIPMENTS

Would Try to Improve Dressed Beef Trade Say Packers

(By The Associated Press)

CHICAGO, Aug. 19.—A movement by commission men and packers to restrict incoming shipments of livestock, came today in an appeal sent broadcast by Everett C. Brown, president of the National Livestock Exchange.

"The dressed beef trade is in a demoralized condition," it was explained. "Altho wholesale prices of beef have dropped into fore quarters are selling in some places at four cents a pound retail prices have not come down."

"With retail prices up, the public is not buying. The retailer of course, is not selling and consequently not buying from the wholesaler who, in turn has restricted his orders from the packers."

"Meanwhile from the western markets the usual rail shipments of cattle for this time of year are being shipped and the packers perforce are converting the shipments into dressed meats. The result has been that the eastern beef markets especially have become congested and a disaster is threatened in Chicago and other western markets unless loading of livestock in the country is arrested."

WILL TAKE WOMAN TO DES MOINES

(By The Associated Press)

MINNEAPOLIS, Minn., August 19.—Mrs. Geneva Wright Hankins, widow of the slain bandit, Henry Hankins, will be taken back to Des Moines and turned over to the sheriff of Polk county. It was decided by police today. The Iowa authorities will then determine whether she will be charged with aiding in the escape of her husband two months ago while he was being taken to prison. Hankins was shot and killed by a patrolman Wednesday in a gun fight.

W. F. Miller of Des Moines who viewed Hankins' body at the morgue today identified the bandit who held him up on Feb. 25 and robbed him of diamonds worth \$7,000 and \$250 in cash, according to the police.

SHERIFF LOOKS FOR DIAMONDS

KENOSHA, Wis., Aug. 19.—The mysterious disappearance of \$700 worth of diamonds from a china closet in the home of Al Hoyt, a wealthy farmer living in the town of Bristol, was the problem given today to Sheriff Ruten.

The rings were taken a month ago while the family were away from home.

A quiet investigation has been underway for several weeks. The missing rings are an engagement and a wedding ring, the former having a large solitaire worth \$700 and the latter being set with small diamonds.

WANTS TO CLEAR NAME OF SCANDAL

Omaha, Neb., Aug. 19.—A congressional investigation to clear his name in the Bergdoll scandal was demanded today by Major C. C. Cresson, judge advocate at Fort Crook, Neb., in a letter to Representative Peters of Maine, chairman of a special investigating committee, the majority report of which charged Major Cresson, Samuel T. Ansell and Colonel John E. Hunt with conspiracy in connection with the escape of Grover Bergdoll, draft evader.

SPEECH DOES NOT CAUSE CHANGE IN IRISH SITUATION

Sinn Fein Leaders Do Not Indicate Any Desire to Accept British Terms—See Alleged Discrepancies Between General Smut's Letter and Actual Terms of Lloyd George

(By The Associated Press)

DUBLIN, Aug. 19.—No visible change in the Irish situation has taken place in consequence of the speech delivered in the house of commons today by Premier Lloyd George.

In general effect the comment heard on all sides after the premier's speech appeared in the evening newspapers was that Mr. Lloyd George understood his constituents and that Mr. DeValera understood his.

The sub-committees of the Dail Eireann today continued their work and tomorrow will go on with it. They are not having the assistance of Mr. DeValera who has gone to the country home of Speaker McNeill, at Black Rock, where it is expected he will be joined by leaders.

There has been no move in any quarter of the Sinn Fein indicating a desire to accept the British terms.

The Irish Dominion League established by Sir Horace Plunkett to secure a dominion settlement for Ireland, is watching the peace negotiations with keen interest. This league has put forward a dominion claim for full and unrestricted legislative, executive and economic independence, but it is of the opinion that all of Ireland's external relations, such as peace, war and foreign policy should depend upon imperial consent.

Captain Henry Harrison, secretary of the league has given his approval to the attitude assumed by Mr. DeValera toward the government's offer. He said today he thought the Republicans were right in insisting that the geographical situation of Ireland should be covered in express terms in the treaty.

See Alleged Discrepancies

Both members of the Dominion League and moderates generally, such as the constitutional nationalists are asserted to attach much importance to alleged discrepancies between the letter of General Smuts, the South African premier to DeValera and the actual terms set forth by Lloyd George.

Sinn Feiners also are declared to be complaining of such discrepancies and it is reported that they expect Mr. Lloyd George to indicate whether he accepts the interpretation of the proposals contained in the communication of General Smuts.

It is said to be probable that the Dominion League will address a communication to Lloyd George on the above lines unless something transpires before Monday when the Dail is expected to take up the peace negotiations.

Dublin Castle is concerned over the possibility of either the Irish Republican army or the military breaking the truce. At the castle today it was said that the tension had increased among extremists on both sides as a result of the prolongation of the peace negotiations. Fear was expressed that in incidents such as those at Cork where the Irish Republican Contabulary mutually commandeered each other's automobiles and shot at Sinn Feiners of three detectives and an army officer outside the mansion house might lead to outbreaks which the chiefs would be unable to control.

Rumors that the imperial government has further troops ready to send to Ireland should the negotiations fail is another disturbing factor. At the castle today it was pointed out that the troop preparations had been taken to indicate that the peace negotiations had been entered and that as far as was known they had not been furthered since the truce was signed. The undercurrent of unrest had not been followed by outbreaks tonight.

DISMISS CHARGES.

Chicago, Aug. 19.—Charges of larceny made against Merrill Warnock, formerly of Los Angeles, Detroit and Davenport, Iowa, made by Mrs. Violet Peterson were dismissed in court today. Judge W. M. Cook declared the charges grew out of Warnock's attentions to Mrs. Peterson and her sister Miss Mabelle Meister and that he inferred they resulted from jealousy.

A COMPREHENSIVE PLAN.

The extent of the marketing movement which the U. S. Grain Growers Inc., has started is indicated in McLean county. It is a part of the plan of this co-operative organization to secure agreements from grain growers to sell the products of their farms to the association for a period of years. In McLean county 451 members have already entered into such an agreement and more than 50,000

acres of grain have been pledged for marketing in this way.

There is no doubt but that the farmers can wield a mighty influence in the grain marketing program if they retain mutual confidence and continue to act in unison and accord thru a period of years. Consideration of the McLean county situation gives an index of the possible power of the organization.

REASONABLE ECONOMY.

No federal buildings will be authorized at this session of congress with the exception of a hospital building for ex-servicemen. Certainly no other course could be followed with any kind of consistency. To plan for federal buildings now in various parts of the country would really sound like gross extravagance at a time when rigid economy is supposed to hold sway in governmental affairs.

Not one in ten of the federal buildings for which congress provides is really needed, nor is its erection a matter of governmental economy.

AN AMERICANIZED MERCHANT MARINE

Announcement is made by the Shipping Board that its civilian force, as well as the officers and crews of all its ships, is to be Americanized. Attention will first be directed to the London offices of the Board, where it is said that most of the 400 employees are now British. It has been argued that Americans cannot be induced to go to London to accept positions in the Shipping Board offices at the salaries offered. It is determined, however, to cut the force in half, if need be, and pay higher salaries to fewer men and have them all Americans.

In Americanizing crews it is anticipated that opposition will develop from the International Seamen's Union, but the Shipping Board is willing to accept the challenge in its fight to make its ships 100 per cent American. It is believed that many American boys are willing to go to sea if proper inducements are offered, and little trouble in filling the crews with Americans is anticipated.

BUILDING UP COMMUNITY SPIRIT.

The beautiful Red Cross pageant presented at the chautauqua last night has its various lessons. One of these carries along the thought of what the people have can do acting in a co-operative way. A fine enthusiasm actuated the hundreds of people who took part in this pageant. They enjoyed themselves, had the satisfaction of identification with an excellent piece of work, and the knowledge that they were performing something which the people would thoroughly appreciate.

Along this same line of work has been the mass singing which the platform manager has developed. People have been singing with a will and have grown accustomed to look forward to the song services with real interest. It is another case of working together. These things build up

real community spirit and as the chautauqua develops such programs it affords ample proof of its purpose.

So it can be said that the Jacksonville chautauqua is a real asset to the community, contributing as it does educational and entertainment features and bringing the people closer together for their common good and for the up-building of the community.

TAXES AND REVENUE

In a statement just issued, the Republican Publicity Association takes exception to the assertion of a staff writer of the New York Tribune who represents Republican leaders as confronted with the demand of the administration for continued large appropriations, on the one hand, and the demands of the people for reduction of tax on the other, with political death as the alternative if the reduction of taxes is not accomplished. The statement says:

"It is altogether likely that the correspondent of the 'Tribune' is not thoroughly familiar with the state of public opinion throughout the country. Beyond question the people of the country desire reduction of taxes more than they desire any other thing just at this time. Nevertheless, the people are intelligent enough to understand that the present members of Congress are not responsible for conditions which make immediate reduction of taxes practically impossible. If the country is to make a choice between the candidates of a party which does not reduce taxes immediately and the candidates of a party which made that reduction impossible, the will undoubtedly choose the former."

"Both Congress and the officials of the Executive Departments are endeavoring to find every possible means of curtailing public expenditures in order to pave the way for reduced taxation, and with hope of success, but it has been long understood by men familiar with public affairs that many fixed and unavoidable obligations of the government are not susceptible of immediate reduction. This was foreseen when the Republican platform specifically stated that no immediate reduction of taxes could be promised for the reason that the previous administration had conducted the public business in such a wasteful and extravagant manner and had incurred indebtedness in such a degree as to make immediate relief out of the question. The Republican party dealt frankly with the voters. Neither by direct assertion nor inference did it promise immediate relief from tax burdens. On the contrary it gave clear and unmistakable warning that no immediate relief could be expected. This being true, the Republicans cannot be charged with bad faith if there be no diminution of taxation at the present session of Congress."

THE NEXT BIG EVENT after the Chautauqua will be the big fashion pageant to be presented by Shanken's Store at the Grand Theater Tuesday evening, August 23. Here will be shown the latest styles in ladies' garments. A showing of such brilliancy equaled only by those of St. Louis, Chicago and New York. See program in another column of this paper.

PRORATE COURT In the estate of Peter Ranson, Judge Samuel appointed Hugh P. Green as appraiser to fix the amount of inheritance tax. In the estate of W. C. Ledford, the claim of Mrs. Sallie Hoagland for \$1,062 was allowed. This was the amount of a note and interest due.

WAS SPEAKER AT KIWANIS CLUB MEETING

In the story of the meeting of the Kiwanis club in Friday's Journal it should have been mentioned that Charles Ray, Sr. of California was one of the speakers. Mr. Ray is now visiting relatives in Morgan county and was present as a guest of the club. He is the father of Charles Ray, the popular movie star.

WILLIAM J. BRYAN SPOKE AT WHITE HALL

Prominent Democrat Was Speaker at Thursday Night Session of Chautauqua Assembly—Hon. C. G. Roe of Chicago Also Spoke.

White Hall, Aug. 19.—The White Hall chautauqua is this year still further increasing its prestige and standing as one of the greatest institutions of the kind in this section of the state. A presidential boom may have been set in motion as the result of a visit by William Jennings Bryan Thursday night, at which session the presiding officer was Hon. H. T. Rainey of Carrollton. In opening his address Mr. Bryan made reference to Mr. Rainey as follows: "Mr. Rainey is one of the men I have watched. I have often advocated his name for the presidency and I would now be glad to support him as the standard bearer of democracy." The statement provoked a hearty round of applause from an audience that overflowed the big audience tent. The attendance can be reasonably placed at 4,000.

Mr. Bryan's address was more effective than on his previous visit two years ago on exactly the same date. He traced the evolution of national legislation in behalf of the farmer and humanity in general. He was in good voice, but indicated fatigue from the strenuousness of following his present circuit. He spoke at Taylorville in the afternoon, arriving here over the C. & A. at 8:26 p. m., and left over the Burlington at 10:32 p. m. for Iowa City.

There was also an address at the afternoon that proved to be another sterling one. The speaker was Hon. Clifford G. Roe of Chicago, formerly U. S. district attorney, who discussed white slavery from a most intimate knowledge of the traffic gained thru his official capacity. Magic and novelty music furnished very excellent entertainment. It was by Charles Dietrich and his assistant of Philadelphia. The White Hall Band appeared in a special program of songs and numbers. Assisting was William Fanning of Chicago, a tuba player of wide experience with military and metropolitan bands, and it was thru him that the boys were brought together as a special concert attraction at this time.

PICNIC IN HONOR OF FRANKLIN MINISTER

People of Christian Church Planned Pleasant Affair in Honor of Rev. S. H. Kuntz, Soon to Leave—Other Franklin News.

Franklin, Aug. 19.—Members of the Christian church held a picnic Friday at Reservoir park in honor of Rev. S. H. Kuntz, who is soon to leave his work as pastor of the church. The picnicers went to the park during the morning hours, taking with them well filled baskets. At noon a fine picnic dinner was served and later boating, games and various contests furnished the amusement. The affair was a very pleasant one for all.

Mrs. Miller Keplinger was given a very pleasant surprise recently, when a number of friends gathered at her home to help celebrate her nineteenth birthday. The affair was a complete surprise to Mrs. Keplinger, but she soon recovered from that and enjoyed it just as much as did any of her guests. Dainty refreshments were served during the evening.

There was a large crowd at the dance given under the direction of Harry Peebles of Waverly at Olinger's opera house Friday evening. Music was furnished by Curtis and Duncan of Waverly and Miss Dorothea Sargent of Franklin. Among those in attendance were a number from Jacksonville.

HOUSE WAS BURNED NEAR MURRAYVILLE

Property Belonging to Miss Elvira Neighbors of This City Destroyed by Fire Friday Morning.

Murrayville, Aug. 19.—Fire completely destroyed the residence on a farm belonging to Miss Elvira Neighbors three miles southeast of Murrayville at an early hour Friday morning. The dwelling was occupied by Mr. and Mrs. Hardin Moore, who have the farm under lease, and all their household goods were destroyed by the flames.

Mrs. Moore discovered the fire after she arose, and although neighbors rushed to give assistance it was impossible to check the flames. It is the belief that the fire was the result of a defective flue. The house was one of four rooms and was in a fair state of repair. It was stated that there was some insurance carried on the property, but the loss will be considerable.

HAS NIGHT BLOOMING CERES Mrs. James I. Burrows, 711 West College street, has a night blooming cereus, which bloomed Friday evening. A number of neighbors were invited in to see the beautiful flower.

For Mrs. Chapman. Miss Esther Meyer and Miss Dorothy Stice will give a miscellaneous shower in honor of Mrs. T. R. Chapman at the Stice home near Ashland this evening. The affair will take place on the lawn which is beautifully decorated with flowers and light will be furnished by Japanese lanterns strung from the stately trees.

The evening will be spent dancing, in games and contests. Among the forty-five guests invited are several well known Jacksonville people, Mr. and Mrs. Donald Sutcliffe, Miss Aleta Brown, and Mr. and Mrs. Elmer Meyers.

Refreshments will be served on the lawn at a late hour.

I. S. B. HAD BOOTH AT PAGEANT OF PROGRESS

Pupils of the Illinois School for the Blind had part in the Pageant of Progress which closed recently at the municipal pier in Chicago. There was a booth prepared especially for them and the exhibit was one which attracted a great deal of attention at the big show. The exhibit was under the direction of Dr. R. W. Woodson, managing officer of the institution, and he was assisted by Mrs. Helen McDougall James and Miss Dorsey, members of the faculty.

The local school had the distinction of being the only state institution which had a booth at the pageant. There were about twenty pupils there and each day they gave a program of vocal and instrumental music. The exhibit included articles made in the industrial department by the blind children, and there were also samples of the work done in the printing department. The literary work of the children was featured and a distaphone operator gave daily exhibits.

The various institutions under the direction of the state welfare department were well represented at the pageant, their exhibits including samples of work done in various lines.

Clinch Place in Finals of International Cup Series—Indian Team Puts Up Hard Fight But Weakens in Pinch.

Lake Forest, Ill., Aug. 19.—Japan clinched a place in the finals of the 1921 International Davis Cup series when Ichiji Kumagae and Zenzo Shimidzu of the Nipponese team defeated L. S. Deane and Dr. A. H. Fysee of India this afternoon in a five set double battle 6-1, 6-1, 2-6, 6-0.

The victory puts Japan against Australia in the Davis cup final contest at Newport next week the winner there to qualify against the defending American Davis cup champions at Forest Hills, New York, the first week in September.

Despite the fact the supremacy was decided by today's encounter, two remaining singles events of the Japan-India series will be played tomorrow as originally scheduled, giving India a consolation chance. Fysee will oppose Captain Kumagae and Mohammed Sleem, India's other singles entrant will oppose Shimidzu. After two sets were won by each side, the Indian players game slumped radically in the fifth set and Kumagae and Shimidzu added steam to their accurate attacking game for a love set.

Deane was the weak man of the Indian pair in two first set but reached his game in the third and fourth, when his fine overhead work, and long reach at the net added to Fysee's defense of the back court. Deane and Fysee really looked a stronger pair at the net than the Japanese in the two middle sets, but they could not hold their power accurately, and wilted in the last set, when Deane appeared greatly tired and neither Indian even raised his racket for a number of points which would have been fully recoverable when they were at the height of their game.

The game of the Japanese experts was marked by reliance of a constantly aggressive driving game, which verged on brilliance when ever the play became hot and snappy. Kumagae with his whizzing drives, and deceptively directed chop shots to unprotected spots on the Indian court provided the most scoring mainstay of the winners. The follow thru on the drives gave his shots considerable top and biting speed often carried the strokes sizzling past one of the opponents before he could raise his racket for the return. Kumagae and Shimidzu were constantly working in toward the net where they rattled off volleys in a pretty display of cross court shooting.

When they were driven back from the net, the Japanese never wavered at an uncertainty for defensive means for they lobbed lightly and effectively to the deep rear court and were able to shift the disadvantage to the losers many times by adacious drives down the sidelines.

In an exhibition doubles match following the Davis' cup doubles, Walter Thebes and Clifton P. Herd, of Chicago, the United States national clay court champion defeated Steem Kashio, of Japan in straight sets, 6-2, 6-3, 6-4.

FARM BUREAU NOTES

Delivered Prices Popular.—Those who quote prices on limestone, phosphate or other commodities to farmers will find it to their advantage to quote delivered prices instead of f. o. b. It is better to have that price include the war tax too.

Imperfect Stands of Clover.—In some counties men are drilling in seed now with the hope of thickening the stand. Some few report successful results by this method. We should be glad to hear from any Morgan county men who have tried it.

Seed Wheat Scarce.—Good seed wheat is not very plentiful this fall. We have had an unusual number of inquiries for dependable seed. Some want the old fashioned Turkey Red, others the new Turkey 10-110, while others are after Kanred.

Rye and Vetch as Pasture.—A number of our farmers seed rye for early pasture. If they will add vetch to this they will have another hardy drouth resistant legume that will make an early growth next spring. H. P. Garfield, E. O. Towne and R. E. Fox, have given vetch a tryout. This seed is inoculated by using soil where garden peas have grown.

Prompt Limestone Shipments.—The railroads are handling limestone shipments far more promptly this season than ever before. A car was shipped the 8th and unloaded the 11th. Another was shipped the 11th and unloaded the 15th.

Potatoes From the South.—A. A. Appel of the I. A. A. was a caller at the Farm Bureau office Monday. He has organized the potato growers of Belleville into a shipping association. They claim that they grow the best potatoes in the world in that region. Many of these are grown under straw mulches. At present these growers are offered \$3.50 per hundred for their product. This is somewhat higher than the price that prevailed last fall.

Fair Exhibit.—The Farm Bureau will make an exhibit of the soils of the county at the Morgan County Fair. Our soil survey shows 23 different types. The land around Meredosia shows the greatest number of types. Crop Inaction and Micropure-Enteries.—Recently we made a post mortem examination of a chicken from a flock in which

quite a number were sick. There was a case that might commonly be called indigestion. In order to confirm the diagnosis a specimen was sent to the college of agriculture for examination. They reported Crop Inaction and Micropure-Enteries. A bacteriological examination was not made of the specimen with formalin. They further informed us that they preferred a living specimen instead of a dead one.

Daily Market Report

SPECULATIVE ISSUES

LACKED SUPPORT

By Associated Press.

NEW YORK, Aug. 19.—Trad-
ing on the stock exchange today
retained most of its recent irregu-
lar and professional aspects. In-
vestment shares were fairly
steady, but speculative issues
again lacked support. 10 days
from the money market in which per-
ceptible relaxation was observed
developments affecting quoted
values were unchanged. Accord-
ing to board room gossip no small
liquidation emanated from
abroad, notably London.

Specialties of the food, tobacco,
leather and paper varieties fell
back to the same degree and a
few miscellaneous issues sustain-
ed greater losses.

Sales amounted to 425,000
shares.

For the first time since the
early days of the month call
loans on the exchange opened and
renewed into the coming week at
5 1/2 per cent. In the open market
funds were favorable at five per
cent.

Dealings in foreign exchange
were temporary and again in-
fluenced by London.

Liberty bonds reacted on an-
other sharp decline in the 3 1/2s.

RED CROSS PAGEANT UNQUALIFIED SUCCESS

RECORD AUDIENCE SAW PRESENTATION AT CHAUTAUQUA

Story of Red Cross Work Told in Series of Beautiful Tableaux—Hundreds Made Fine Program Possible.

The week day attendance recorded at the chautauqua was shattered Friday. It is estimated that there were more than 4,000 persons on the grounds last night, attracted particularly by the Red Cross pageant. The big tent with its seating capacity of 3,000 was filled and there were hundreds swarming about the outside eager for an opportunity to catch a glimpse of the beautiful Red Cross picture.

It is really worth while to think that a pageant of this size could be produced in such a successful way, when there was opportunity for only a few days of preparation. The splendid success was made possible thru the unceasing activity in the movement supplemented by the loyal interest of the several hundred who made up the cast.

The purpose of the pageant was to show the work of the Red Cross from the days of its organization clear thru to the peace time program of the present. The hold that the Red Cross has upon public interest was well proven by the willingness of the people to assist with the program and the eagerness of the still greater number who witnessed that program.

This was the official pageant of the Red Cross, written by Miss Worrell. It was presented here for the first time in Illinois—in fact, for the first time in the central division of the Red Cross, which includes nine states. It was given under the direction of John Kearns, assisted by Miss Alice Barrows, who is director of pageants for the central division.

Miss Barrows brought to the work here a wealth of experience and enthusiasm. It cannot properly be said that the success of the productions was due to the work of any one individual, for there were numerous interested persons who were unceasing in their efforts to make this production what it was.

Music was a feature in the success, was in charge of Mrs. Helen Ayers Ballard, with Miss Ellen McCurley at the piano. Misses Eloise Capps, Helen Sorrells, violinists and Miss Florence Vio, second bass. Mrs. Barr Brown, Mrs. A. R. Gregory and Mrs. Abe Wehl sang three beautiful numbers.

It is worthy of note that 24 Morgan county Red Cross nurses took part in this program. It is doubtful if any other county in the state of equal size has such a number of enrolled Red Cross nurses. For last night the stage settings, and costumes left nothing to be desired, and scene after scene was presented in a way both to impress

the worth of the great organization and the successful interest and the ability as well of those taking part in the production.

MANY ATTENDED THE BROCKHOUSE REUNION

A very large crowd attended the Brockhouse family reunion held at the grove of W. C. Brockhouse on his farm seven miles east of Meredosia. There were a number of athletic contests which both the young people and the grownups enjoyed. Another feature of the day was the address given by Dr. W. E. Spoons.

Highways Division
Will Have Exhibit

Miniature Section of Illinois Standard Concrete Pavement Will Be on View at State Fair.

Springfield, Ill., Aug. 19.—For the first time in a number of years the Division of Highways will stage an exhibit at the state fair to be held in Springfield August 19 to August 27. The exhibit will be located in the Centennial building at the fair grounds and is being planned by the Bureau of Tests.

Featuring the display will be a miniature section of Illinois' standard reinforced concrete pavement and 12 sections of the different types of modern hard-surfaced roads. These sections will show in detail the method and style of construction of pavements, embracing practically every type of hard-surfaced road used in up-to-date highway building.

The types of sections to be shown are typical of various pavements which make up the Bates Experimental Road and will offer an insight of the enormity of the work being carried on to determine the most suitable pavement for all kinds of traffic.

To emphasize the importance of using the proper quality of materials in construction work, the Bureau of Tests expect to include a number of machines and sets of apparatus used in making tests on sand, gravel, cement and other materials. These appliances will be in operation at the exhibit. Road oils will also be given attention and the analysis to which these oils are subjected should be of interest to those who advocate oiled roads.

Progress maps, construction maps, charts and pictures will all be used in an endeavor to show the people of this State the actual highway which the Division of Highways is making towards a practical highway system for Illinois.

Pittsfield Man Was
White Hall Visitor

Judge Edward Doocy of Pittsfield Makes Visit to Metropolis of Greene County.

White Hall, Aug. 19.—White Hall was visited Thursday by Judge Edward Doocy of Pittsfield, and this was his first visit to the metropolis of Greene county. He had been practicing law at Pittsfield for forty-seven years, and is now 76 years of age. He made quite a thorough survey of our city, and made some very complimentary expressions. He thinks our yards are larger and houses more modern than Pittsfield. He was surprised at the extent of our industrial development. His great pleasure was in meeting friends of other years. He recalls the late Judge L. E. Worcester when the latter was a member of the state senate. He also met two old friends, Hon. H. T. Rainey and Judge Thomas Henshaw of Carrollton.

Judge Doocy states that White Hall is correct in claiming the residence of the late John G. Nicolay. Lincoln's secretary and biographer, who went to Pittsfield from White Hall, Nicolay came to White Hall from out in the country, exactly where no one seems to know, and clerked for the late Aaron Reno. He was induced to go to Pittsfield by a lawyer named Garbett, and the latter soon afterward went to New Orleans and contracted cholera. Nicolay then learned to set type, and his going to Springfield was at the instance of John Hay, formerly of Pittsfield. The history from this time on is generally known.

Judge Doocy is an uncle of Mrs. Lynn Smith, at whose home he dined. He spent the morning in riding over the city and vicinity as the guest of W. F. Dillman, and the afternoon at the chautauqua. He left on the train that brought in W. J. Bryan, and got to see this famous Democrat of his acquaintance at the station.

TO ARRIVE FROM CHICAGO
Mrs. A. W. Adams and two daughters of Chicago are to arrive this evening for a visit with the former's sister, Mrs. C. A. Goodale on Woodland Place.

FRIDAY GREAT DAY AT THE CHAUTAUQUA

Chicago Operatic Company Gave Musical Programs—Red Cross Work Emphasized in Varied Ways—Chautauqua Association Held Business Session.

Friday was real chautauqua weather, with the thermometer standing around 90 degrees in the shade. That fact and the further fact of Red Cross Day seemed to increase the interest for the attendance was the largest of any week day in the history of the chautauqua. The Chicago Operatic Co. gave two splendid programs and Roco, the clown, made a very valuable contribution to the interest of the occasion. Roco, with various antics, attracts the attention of the children and then instructs them along health lines.

Walter Davidson, director of the central division of the Red Cross, made a helpful address and Mrs. Fulton of Chicago told the afternoon audience of what has been accomplished in the remaking of clothes to send overseas.

The annual meeting of the association, together with the election of directors, was held in the late afternoon. In the evening following the concert program, the Red Cross pageant became a fact. The manner in which it was presented was entirely worthy of the great organization and gave abundant testimony of the earnestness of the work done by the scores of persons participating and the intelligent direction. The pageant was one of the most ambitious events of the kind ever attempted in Jacksonville and was entirely successful.

A summary of the day's program would not be complete without making reference to the morning lecture of Platform Manager Charles A. Gage. His theme was "The Greatest Adventure." This morning Mr. Gage will deliver the last lecture in the series. All of these lectures have their practical application to life and the people who have heard Mr. Gage have counted it a real privilege to follow his lines of thought.

Spirit of Good Will
Mr. Davidson, who is the director of the central division of the Red Cross, with several states in his jurisdiction, said that the spirit of good will is the thing that most certainly characterizes the Red Cross movement. He said that the Red Cross organization, not content with the spreading of good will in any one country, had practically circled the world. He made brief reference to the splendid work of the Red Cross society during the war time in its semi-military capacity and explained why it was necessary to follow explicit rules if the best results were to be obtained in the making of supplies.

The speaker, however, touched only briefly upon war time activities and then turned his attention to the peace-time program. He said that the first duty of all of the Red Cross is to help service men and there are thousands of cases of men who need the assistance of the Red Cross in pressing their claims against the government. The Red Cross, he said, is one of the best kind of insurance to a community in that it provides aid when aid is needed. Some times the Red Cross has been compared to a fire department that can be summoned in time of fire. Mr. Davidson said he preferred to think of the organization as a fire ranger, one who travels his beat, looking for danger and when the time arrives is very alert and fully equal to the task of giving assistance.

The Pueblo Example
Good will, health and neighborliness are things that the Red Cross fosters, and Mr. Davidson referred to Pueblo as an example of what the Red Cross can and does do in times of special disaster. One of the best kind of organization today in a painstaking way is helping those residents of Pueblo who had their entire holdings swept away by the flood.

Mrs. Fulton, who has been very actively identified with the movement for remaking of children's garments, had a number of samples which she displayed and she talked in a very interesting way of how the movement started and what it had accomplished.

Roco, the clown, in private life is Capt. Carl Myers of Minneapolis. During the war time he served with distinction in Siberia. For more than a year past he has been working with the Red Cross mainly along health lines and especially among children. His methods of attaching the attention of children thru his antics as a clown and then impressing various lessons of sanitation and personal cleanliness have been very successful and most excellent results have been accomplished.

Business Session Held
At the close of the Friday afternoon program at the chautauqua the annual business meeting of subscribers was held, with Thomas Worthington, president of the board of directors, presiding. The reports presented were read and approved. M. L. Pontius, H. E. Rice and John W. Merrigan whose terms as directors have expired, were all re-elected to succeed themselves.

The subscribers who attended the meeting seemed to feel that the men who had served so acceptably during past years should be retained.

TOM BUCKTHORPE, JR., SUFFERED SPRAINED WRIST
Thomas Buckthorpe, 16, was injured Thursday afternoon when he was thrown from a colt he was riding on West North street. The accident resulted in a sprained wrist. Thomas is one of the well known youths of the community and his arm will be incapacitated for several days.
